

4G Magnetic Mount Antenna

Features

Frequency Range	: 700 – 2700 MHz (GSM/4G)
VSWR	: ≤ 1.5
Impedance	: 50 Ω
Antenna Type	: Omni-directional
Cable Type	: RG 178
Max Power	: 50 W
Gain	: 5.5 dBi
Weight	: 50 Grams
Height	: 29 Centimetres
Cable Length	: 3 meters (customizable)
Color	: Black
Connector	: SMA-J (Male SMA)
Use Case	: Outdoor antenna for GSM/4G modem

Product Description

A high-performance 4G LTE Magnetic Mount Antenna designed for indoor and outdoor use. It supports multiple frequency bands across GSM, 3G, 4G/LTE networks, providing reliable wireless signal reception and transmission. The magnetic base ensures easy mounting on metal surfaces, ideal for routers, modems, gateways, and industrial communication equipment.

CORPORATE OFFICE PRODUCTION UNIT-1

#9/10, Road No.6, Nacharam Industrial Estate,
Hyderabad-500076 Telangana, INDIA
Tel: (+91)-04-67355000

CMMI DEV | ML 3
APPRAISED
Appraisal # 68709 | Exp. Dec 22, 2026
